

From The Moderator

"For I have not shunned to declare unto you all the counsel of God". Acts 20:27.

Having been in the great Latter Rain Movement in Canada from its first inception in 1907, and coming down through the years of its doctrinal changes of progressive character, that is, receiving greater illumination of the Scriptures from time to time pertaining to a lost faith, we do not hesitate to say therefore, that we are on the verge of another forward advance by way of greater illumination of the Word of truth.

There is an old saying that "Necessity is the mother of invention." What is true in a material sense, speaking of practical demands, is also true in a spiritual sense. God, in olden times led the children of Israel from mount to mount, not going back, but going forward unto perfection. In God's economy and dealings with Israel, He informs us that He had great difficulty in getting His people Israel dislodged from a mount, having been settled there for some time. To get them to move when it was moving time, was one of God's problems in days of yore. This was one of the major charges the Apostles brought against Israel at Pentecost.

It is an indisputable fact that, since the latter rain out-pouring of the Spirit which commenced about four decades ago, the Bible has become a new Book to millions by an illumination of the Word of God: not all at once, but here a little and there a little, from time to

time. This is none other than the work of the Holy Spirit. Right at this time, we firmly believe God has another definite forward message of progressive character. This message is not only for the sinner, but especially for His ministry. The experimental experience we possess is, in our firm opinion, subject to a greater clarification by the Word of Truth. I do not mean by human genius, but by a clarification of the Word of God which will produce greater power, greater faith, giving inspiration for an old-time Holy Ghost revival, accompanied by mighty signs and wonders by the power of God. Is not this necessity knocking at every local church door? Yes! When such a revival comes, we will not have to do so much spectacular advertising to get a crowd. The old-time workings of the Holy Ghost have always brought a crowd. It is our responsibility as professors to produce the goods, since we have such resources behind our profession.

We have often heard it said, "We are waiting on God." Let us reverse that saying and view it from another angle, "God is waiting on US." Are we willing to set aside our ways, and accept God's ways? Man's extremity is God's opportunity. We believe God must come. Can we say "Amen," I am looking for greater things.

—Pastor F. Small.

any young man or woman desirous of learning more of its precious truth, a hearty invitation to enroll and join with other young people in the intensive study of its wondrous teachings.

We believe the Lord Jesus Christ to be very God of very God—John 10:30 and Col. 2:9, and desire that each young person might catch the vision expressed in the words of Richard Gilder, "If Jesus Christ is a man and only a man, then I say that of all mankind I will cleave to Him, and to Him will I cleave always. but if Jesus Christ IS GOD, and THE ONLY GOD, then I say I will follow HIM through heaven and hell, the earth, the sea and the air".

We believe that the salvation that Jesus provided through his

sufferings upon the cross, and offers free to all, is by Grace apart from all human merit before or after conversion. Eph. 2:8-9.

In closing let me say that P.A.B.I. extends a hearty invitation to you to "Come to Bible School". "For we preach not ourselves, but Christ Jesus the Lord, and ourselves your servants for Jesus' sake". 2 Cor. 4:5.
